- *Meeting with Cameron Snow about a possible weed DVD
- *Meeting with Bruce from State Fisheries department about Long Lake and control options.
- *Weed pull on Schold property
- *Park event at South Kitsap Park
- *S. Kitsap Community youth event
- * meeting with Vivian Henderson of KAPO

Site inspections:

4 site inspections:

1 at Sebeq, 1 in Bremerton, 1 south of Port Orchard, Hansville tansy sites,

Ekosystem update

Had more training and set up some templates for record keeping. Currently we are working out the kinks of recording and working on using the program more and getting it to work efficiently for us. Sent information on the project to the County to firm up the funding.

Fair

Display: weeds on the move idea of travelers Handouts: book marks(4), weed list, escaped ornamentals, individual info sheets, Snap Shot handout.
